

Doston March 15th 1850

Fitch Winchester Esq.
Southboro. Dear Sir In a former
communication I proposed to present to
the Inhabitants of my native Town Five
Hundred dollars, on certain conditions,
which I would name hereafter.

I now renew the proposal, and state the con-
ditions.

1st That the Inhabitants by subscription or
otherwise, shall raise or appropriate, an
equal sum; the whole to constitute a fund
for the purpose of establishing a Library in
said Town.

2^d That all the youth of said Town under twenty
one years of age, ^{of both sexes.} shall be entitled to the use
of said Library free of charge, under such
regulations as the Trustees may think proper.
I may add, that all the Inhabitants, of all ages,
may enjoy the same privilege, if desirable, with-
out any objection from me; my first object
being, to provide for the young who have an
inclination to acquire useful knowledge
the means of gratifying such inclination.

3^d To guard against dissatisfaction from any
quarter, and to enable all the youth to participate
in the benefits to be derived from said Library,
I would stipulate, that all Books or works
of a sectarian or party character shall be
excluded; and the Library consist of works

treating upon subjects coming under the general denomination of "Useful Knowledge".

I trust it will not be understood, that I am indifferent to, or unmindful of, the importance of religious culture; or of a certain degree of political knowledge; but my object is to furnish our youth with the means to qualify themselves, to become intelligent, useful, and moral citizens, and leave each one free to follow his own inclinations, (under the guidance of his parents,) in all matters touching religion and politics.

4th That Trustees shall be chosen in such manner as the Inhabitants shall determine, composed as near as may be of an equal number from each of the religious denominations, of which the Inhabitants are composed, and all vacancies to be filled in same manner; and such board of Trustees, shall purchase said Library, and adopt such regulations & bye laws, as they may think necessary to carry out the object contemplated.

5th That a reasonable proportion of said fund (probably about one half) shall be expended by said Trustees as soon as convenient for Books for said Library.

6th That the balance of said fund, (not now expended) shall be put at interest, under the direction of said Trustees; and ^{as such sum} not less than the interest, (at the discretion of said Trustees) shall be annually expended in making additions to said Library. I might offer many more thoughts in reference

to details in carrying out the objects contemplated
but the above are all the conditions I wish
or think expedient to attach to the donation
and will leave details to the wisdom of
those whose children are to receive the benefits.
Should my proposition be accepted the
sum proposed will be subject to your order
or the order of the Trustees at sight.

As I before remarked I have made you
the channel thro which to make this
proposition to my fellow citizens and
former associates, and respectfully request
you to carry out my wishes in such manner
as you may think expedient.

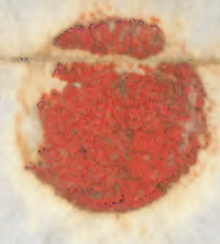

I am very Respectfully
Your friend & Servant

Francis B. Hay

My dear Mr. Newton:—

I am enclosing the list of missing law books which have now been purchased and placed in the library.

I found ~~that~~ Quincy was not a part of the regular set and ~~that~~ volume 24 of Pickering was missing. I had counted ~~that~~ set as complete in 23 volumes.

hence my mistake.

The substitution of
Pikering 24 for Quincy
makes the total cost

figured.

I will send the
